1. Perform and narrow your search:
   - Go to the Rebecca Crown Library web page: [www.dom.edu/library](http://www.dom.edu/library).
   - Type your search term based on keyword, author, title, or subject and click “Find.”
   - A results page will open with a list of items related to your search.
   - You can click the options on the right side of the page under “Narrow Your Search” to find the materials that you want.

2. Search in all libraries:
   - Under the “Results for” heading, click on “[show all Libraries].”
   - This will apply your current search to all library catalogs in the I-Share system.
3. **Find books:**
   - Click the box next to “Hide eResources to which I don’t have access.” Only items which you can use will be shown.

   - Click on the title of an item to find more information about that item. The “Location & Availability” tab will tell you which libraries have the item.
